(a) MANAGEMENT-FINANCE INFORMATION

(A) Information on Size of Company	(B) Financial Information	on of Company	(C) Combined Information of Company
Number of employees	Sales volume Total assets		Sales volume per employee
Number of officers	Sales profit	Tangible fixed assets	R&D cost per employee
Capital	Operating profit	Amount of capital investment	Sales profit per employee
Number of plants/offices	Gross operating profit	Depreciation costs	Operating profit per employee
Ground floor area	Sales profit ratio	Patent royalty income	Gross operating profit per employee
Total floor area	Operating profit ratio	Financial assets (liquid assets and liquid liabilities)	
Ownership ratio of premises	Gross operating profit ratio	Interests paid/discounts	
Ownership ratio of building	Total market value to total assets ratio	Long-term prime rate (long-term borrowing rate)	
Number of employees (consolidated basis)	Total market value to stockholders' equity ratio	Short-term prime rate	
Number of officers (consolidated basis)	Total market value to sales volume ratio	Interest on bonds	
Capital (consolidated basis)	Total market value to gross operating profit ratio	10-year government bond yield ratio	
Number of plants/offices (consolidated basis)	Total market value to operating profit ratio	Personnel costs, (including officers compensation and labor costs)	
Ground floor area (consolidated basis)	Gross operating profit to total assets ratio	Welfare expenses	
Total floor area (consolidated basis)	Gross operating profit to stockholders' equity ratio	Capital stock	
Ownership ratio of premises (consolidated basis)	Operating profit to total assets ratio	Total number of outstanding shares	
Ownership ratio of building (consolidated basis)	Operating profit to Stockholders' equity ratio	Stock price (Nikkei Stock Average)	
	Stockholders' equity ratio	Taxes and public charges	
	Balance of total market value and stockholders equity		
	R&D cost		
	R&D cost to sales volume ratio		
	R&D cost to operating profit ratio		
	R&D cost to gross operating profit ratio		

(b) PATENT INFORMATION

(A) Application Related Matters				
Filing date	Number of filings			
Application number	Number of request for examination			
Title of the invention	Number of filings based on IPC			
Inventors	Number of filings based on keywords			
Applicants	Number of claims filed			
Scope of claims	Years spent on examination requests			
Abstract	Number of inventors			
IPC	Number of applicants (number of joint applications)			
FI	Number of domestic priority-claiming applications			
F term	Number of domestic priority bases claimed in applications			
Agents	Number of priority bases from foreign countries			
Publication date	Number of applications in which an exception to loss of novelty is requested			
Publication number	Number of applications in which examination is requested before laid-open			
Existence of request for examination	Number of divisional applications			
Date of request for examination	Number of withdrawn/abandoned applications			
Priority date	Number of converted applications			
Priority number	Number of expedited examinations			
Date of publication of translations of PCT international application	Number of fillings (in each country)			
Number for publication of translations of PCT international application	Number of inventors in applications (in each country)			
Date of domestic re-publication of PCT international application	Number of applicants in applications (in each country)			
Number for domestic re-publication of PCT international application	Number of priority-claiming applications (in each country)			
International filing date	Number of priority bases claimed in applications (in each country)			
International application number	Number of divisional applications (in each country)			
International publication date				
International publication number	·			
Designated countries				

(b) PATENT INFORMATION

(B) Registration	Related Matters			
Registration date	Number of registrations			
Issue date of registration	Number of claims registered			
Registration number	Number of expired patents after registration			
Scheduled day of expiration of right	Years spent from application to registration			
Date of publication of examined application	Patent registration rate			
Publication number of examined application	Patent allowance rate			
Annual maintenance fee payment status	Years spent from request for examination to registration			
Number of final decisions for rejection	Number of applications in which preferential examination is conducted			
Date of final decision for rejection	Number of rejections issued			
Number of claims decided to be finally rejected	Number of amendments filed			
Number of appeals against final decision for rejection	Number of amendments filed (for formalities)			
number of abandoned/withdrawn applications after request for examination	Number of written oppositions filed			
Number of abandoned/withdrawn claims after request for examination	Number of appeals and trials			
Number of invalidation trials	Number of registrations for creating patent right			
Appeal/trial number	Number of registrations for extending term of patent right			
Date of decision to appeal/trial	Number of transferred patents			
Number of claims demanded for invalidation trial	Number of registrations (in each country)			
Number of appeals to dismissal of amendment or trials for correction	Years required for registration (in each country)			
Number of oppositions	Years spent on examination (in each country)			
Number of claims demanded for opposition	Number of rejections issued (in each country)			
Inventors of registered patent	Number of amendments filed (in each country)			
Number of inventors of registered patent				
Applicants of registered patent	Number of oppositions filed (in each country)			
References cited	Number of applications in which preferential examination is conducted			
	Number of rejections issued
